

# Winds Whip Lightning and Rain Storm Across Desert

## Heavy Downpour In Some Sections; Burned House Believed Lightning-Hit

Lightning, rain and freak winds swept through the Coachella Valley and surrounding area early this morning, knocking out power in certain localities, causing minor flooding and awakening residents.

Despite heavy rain in some sections of Palm Springs at approximately 3 a.m., Fire Station No. 2 recorded only .01 of an inch and Fire Station No. 1 but a trace.

### ★ ★ ★ Dangers from Cloudburst in Imperial Valley

EL CENTRO (UPI)—A sudden cloudburst struck the Imperial Valley shortly after 8 a.m. today, knocking out power in El Centro and flooding highways and streets.

The rain was general throughout the valley and officials expressed fears that if it continued irrigation canals might overflow and wash out fields. U.S. 99 was reported flooded at several sections between here and the Riverside County line.

The storm was accompanied by severe thunder and lightning.

## DMV Chief Quits, Raps Gov. Brown

LOS ANGELES (UPI)—A uniformed California Highway Patrolman today delivered a letter to United Press International from Motor Vehicle Director Robert L. McCarthy to Gov. Edmund G. Brown saying he was quitting because he could not work with a "spineless administration that lacks both courage and principle."

A few minutes later, a scheduled press conference for McCarthy was cancelled, his chief aide Guy Daniels explaining to waiting newsmen that McCarthy had been called to Sacramento for an urgent conference with the governor.

Daniels, who said McCarthy had had an "important statement to make," refused to disclose what it was or even its nature.

Shortly after the letter, in a plain white envelope and on plain stationery, was delivered, UPI received a call from McCarthy's press aide who told editors to disregard it.

The letter said in part: "When I accepted your appointment as director in January, 1959, we agreed to the seriousness of the traffic problem and the need for vigorous leadership."

"Since that time your support has dwindled steadily and by now has completely disappeared."

"During the last two years, more than \$4.5 million has been saved in the operation of this department with no support whatever from you. Leadership on your part could have saved the people of California additional millions in the operation of other state departments."

McCarthy continued in the letter: "My attempts to curb the drunk driver, while initially receiving lip service, saw you 'cave-in' to pressure for a softer law. Leadership here could have saved lives."

### Weather

**Desert Area Forecast:**  
Variable cloudiness with scattered thundershowers today through Wednesday. Little change in temperature. High today 95-105.

High in Palm Springs Monday was 108, low was 76. High today expected to be near 100.

## Navy Will Hold 26,800 Men For Active Duty

WASHINGTON (UPI)—The Navy has joined the emergency buildup of U. S. armed forces with plans to keep 26,800 men on active duty for an extra six to 12 months, starting next month.

The announcement, part of President Kennedy's military strengthening spurred by Soviet threats to Berlin, came Monday as the Berlin situation grew more tense hourly.

Kennedy conferred with his top diplomatic advisers on the situation, but high administration sources said there was nothing the United States could do in the situation but protest vigorously the Communist crackdown on East-West travel through the beleaguered city.

The Air Force already has

alerted reserves for possible call-up next month, and the Army is hurriedly bringing three home-based divisions to combat readiness for possible shipment to Europe.

**Begin Next Month**

Navy officials said the extended tours, to go into effect Sept. 1, would apply to 24,000 enlisted men and 2,800 officers of the rank of lieutenant commander or lower.

In September, the Navy estimated, about 80 officers and 1,600 men whose tours would have ended will be extended for six months to a year, while in October 400 officers and 2,800 men probably will be affected.

From October to next June, the Navy said, about 90 per cent

of the officers and 30 per cent of the men who would have completed their tours will be kept in.

However, the Navy said that if there are sufficient numbers of men and officers who volunteer to stay on, the involuntary extensions would be reduced.

**Affected Most**

Enlisted men particularly affected by the move included boat-swain's mates, aviation jet mechanics, oiler repairmen, signalmen and parachute riggers.

In previous preparedness moves, the Defense Department put 71 Air National Guard and Air Force Reserve units on alert for possible call-up. Six wings of B-47 bombers, totaling 270 planes, will be kept in service instead of being junked.

## City's New Tax Levy Is Set at \$2.014

In a vote of 4-1, Palm Springs City Council last night passed an ordinance setting the amount of money to be raised by taxation.

The single dissenting vote was voiced by Councilwoman Mary Carlin, who did not comment on her action.

However, in setting the tax rate of \$2.014 per \$100 assessed valuation, the resolution was adopted unanimously.

To run the city for the coming year, the administration needs \$1,531,526. In the breakdown in the ordinance, the money is divided in the following manner:

Operation of city departments \$659,172; recreation, \$83,644; advertising, \$90,000; library \$78,379; 58 bonds (sewer plant) \$109,500; and lights \$13,550; bonds (Tahquitz - McCallum), \$15,950, 1949 bonds (Polo Grounds) \$38,375; 19-58 bonds (sewer plant) \$109,500; city retirement \$137,000; and airport bonds, \$220,000.

### WILL ASK RAISE

WASHINGTON (UPI)—Chairman Emanuel Celler of the House Judiciary Committee says he plans to introduce legislation that would give all federal judges a \$5,000 pay raise.

Federal judges, both on the Supreme Court and in district courts now are paid \$22,500 a year.

## More Money Plan Dead

★ ★ ★ ★ ★  
SWITCH IN COUNCIL HITS IMPROVEMENT PLAN

In a switch that caught three of his co-councilmen by surprise, Vice Mayor Kenneth Kirk last night moved that the city use some \$25,000 more of taxpayers money to pay for the North Palm Canyon Drive improvement project.

The action killed any chance for the money to be added to the North Palm Canyon Drive assessment district, a plan that was originated by Councilman Kirk a few weeks ago in an executive session, because of the already "too large a cost to the city."

Councilman Ted McKinney, visibly taken aback by the surprise move, said "I thought we were agreed on this and that we would raise the assessment district this amount. With you (Kirk) switching, we won't be able to put it through because we need a six out of seven council vote in order to override any protests."

However McKinney and George

Beebe, Jr., voted no on the question, with Kirk and Mary Carlin saying yes. Mayor Frank Bogert, adding a yes to the vote, said there was nothing else he felt he could do because it was a dead issue.

It now stands that the assessment district will pay approximately \$108,000 into the district; the city will pay \$190,000 from gas tax and capital outlay; and the State of California will contribute about \$250,000.

Kirk qualified his action by saying that he had received several telephone calls from people in the assessment district ("in fact it was six calls") protesting the move. "This started me thinking and I realized that the improvement on the southend was done through a bond issue, in which all the people in town payed the cost. I think that on this project that the taxpayers should help pay this cost," said Kirk.

## Death Bill In House

WASHINGTON (UPI)—The House Commerce Committee Monday approved legislation that would let juries sentence convicted sky pirates to die.

Under the legislation, convicted aerial hijackers could be sentenced to death on the recommendation of the trial jury. Without such a recommendation a jail sentence from 20 years to life would be mandatory.

## DeMille Struck By Heart Attack

Lacy DeMille, circulation manager for The Desert Sun, was hospitalized early today after suffering a heart attack.

This was the second coronary that has hit DeMille. He had just resumed working on a limited basis following an attack suffered last May. Doctors said they had not yet determined the severity of the latest attack. He is at Desert Hospital, is not allowed visitors.

**SLEEPING ROOM.** No, this is part of a fine business establishment in the desert. What is the name of that business? Make a guess—or so, then look on page two for the answer to today's mystery picture. (Desert Sun Photo)

## U. S. Industry At High Mark During July

WASHINGTON (UPI)—Industrial production rose to a record high in July—the first new peak since January, 1960, the Federal Reserve Board reported today.

Factory, mine and utility activity expanded by 12 per cent from June to July lifting the board's industrial production index to a new high of 112. This meant industrial output last month was 2 per cent higher than in 1957, the base year taken as 100 on the index.

The previous high was 111, reached in January, 1960, when steel mills were operating at forced draft to make up for the long 1959 steel strike.

The board said July industrial gains "continued widespread" as the economy continued the upward trend which began last winter.

But, the board noted, despite the steady, five-month rise in industrial activity, unemployment has failed to come down from the rate of nearly 7 per cent reached in the 1960-61 recession.

In terms of dollar volume, the economy reached a new high in the spring and has expanded further since then.

The board noted that the July index rose was 24 per cent above the high plateau of the first half of 1960.

## Supervisors Search For New CD Director

By THELMA GOODSPEED  
Sun Staff Correspondent

RIVERSIDE — The resignation of Keith Dwyer as civil defense coordinator was accepted by the Board of Supervisors Monday, to be effective immediately, and personnel director Donald Spencer was instructed to review the top three applications that were received for the position and to report back to the board next Monday.

Spencer said later, however, that he will probably recommend delay in the naming of a CD coordinator pending further information and the possibility of federal reimbursement for administrative expenses for the department.

Spencer said he understood such reimbursement would depend upon compliance with requirements for the competitive selection of the coordinator.

"We had some splendid candidates for the position at the time Dwyer was selected last Feb.," said Spencer, "but we want to be sure that the proper selective approach is made at this time."

Sheriff Joe Rice will be in charge of civil defense in the interim.

The board ordered dissolution of the dual job held by Dwyer combining the position of safety director and civil defense coordinator. Each position is to become a full-time job.

Dwyer will remain as head of the Safety Department, with the title of safety coordinator. The salary, effective Sept. 1, will be the same he now receives, \$891.41, but the salary range for the position is lower so that the top step is \$677 instead of the \$715 he could have received as CD coordinator.

## Few Escaping, But Border Is Sealed Tightly

BERLIN (UPI)—Communist police opened fire today on three East Germans fleeing to the West. The Western allied commandants in West Berlin protested to the Soviet Berlin command against sealing of the East-West border to Germans.

The United States, British and French commandants said the border closing, put into effect early Sunday, was a "flagrant violation of four-power agreements" governing the city.

At least 50 East Germans managed to escape to the West during the day, some in hairbreadth moves.

A man and wife swam to freedom across Britz Canal despite bullets fired at them by Communist police on the eastern bank.

Another refugee rammed his automobile through a barrier and made it into West Berlin despite a burst of East German gunfire.

The refugee flight was reduced to a trickle by the constantly tightening Communist restrictions on travel between East and West Berlin.

This morning, the Reds announced that free travel between East and West Berlin for West Berlin vehicular traffic was limited to those persons possessing special permits to cross into East Berlin.

Then they further tightened this restriction by issuing these special permits to West Berliners at only three of the city's 12 border crossings still open.

Except for a warning shot fired Monday, the gunfire was the first since the Communists sealed the border to the refugees Sunday.

As the East Germans tightened their stranglehold on East Berlin, scores of anti-Communists were reported arrested. The flow of refugees, which had run as high as 2,000 in a single day last week before the border closing, was trimmed today to about 50 who eluded the border guards.

The Communist police fired at a married couple swimming to freedom across Britz Canal. Escaping the bullets, the two reached the West Berlin canal bank and were taken to a hospital suffering only from exhaustion.

Another burst of East German gunfire failed to halt a refugee who rammed his automobile through a barrier.

The firing incidents came during a day which had been generally quiet along the East-West Berlin borders as the Communists added to their controls over East Berlin access points.

Behind the barbed wire, tank and machine gun-manned East German border fence, Communist police were reported hunting down persons suspected of trying to join the exodus to the West.

## Crosson Indictment 26 Counts

Special to The Desert Sun  
LOS ANGELES — A Federal Grand Jury yesterday afternoon handed down a new 26-count indictment of former Palm Springs public works director William Crosson, already charged with eight counts of sending obscene matters through the mail.

The new indictments will be incorporated into the old counts.

The 39-year-old, onetime candidate for Los Angeles City Council, appeared before U.S. District Court Judge Harry C. Westover here to be arraigned on the new counts, and the date for entering a plea was set for Sept. 18.

Twelve of the 26 new counts charged Crosson with inducing other persons to send obscene matter through the mail.

The indictment states that the unidentified matter is largely "too vile, filthy, and indecent to be made a part of the records of the court."

Crosson was held on \$1,000 bail.

## Lt. Gen. Carroll New Head of Intelligence

WASHINGTON (UPI)—Lt. Gen. Joseph F. Carroll, an FBI agent who was loaned to the Air Force 14 years ago, has been named to head a new combined intelligence arm of the Army, Navy and Air Force.

Defense Secretary Robert S. McNamara announced Saturday that he had picked Carroll as director of the Defense Intelligence Agency.

Carroll, now inspector-general of the Air Force, was selected from several candidates nominated by the Joint Chiefs of Staff and the services.

The agency he will head is part of an overhaul of U.S. intelligence operations ordered by President Kennedy following the unsuccessful Cuban invasion.

### NAME POETRY ADVISER

WASHINGTON (UPI)—The Library of Congress has appointed poet Louis Untermeyer as consultant in poetry in English.

He will succeed Richard Eberhart who is returning to the Dartmouth College faculty, it was announced Sunday.

## Exchange Students Disclosed

A 17-year-old Italian senior and an 18-year-old Argentine high school graduate will attend Palm Springs High School this coming year as the fifth and sixth exchange students brought here by the American Field Service.

Antonio Caveada, Cremona, Italy, coed, will make her home here with foster parents Dr. and Mrs. Norman Carr. Julio Escarguel, 1961 graduate of Cordoba, Argentina, will live with Mr. and Mrs. Harpo Marx. Both families live at Tamarisk Country Club.

The new students will bring the total of foreign countries represented by AFS exchange students here to six. Previous students have come from Germany, France, Norway and Holland.

From Palm Springs, 16-year-old Steve Nichols, son of Mr. and Mrs. Culver Nichols, has gone to Finland for studies this year.

## Fire Destroys Station Wagon In Sky Valley

DESERT HOT SPRINGS — A 1959 two-door station wagon, apparently ignited by spontaneous combustion, was destroyed by fire in Sky Valley, 10 miles east of here, Sunday.

The loss was estimated at \$1,500.

# Freedom Riders Seeking Law Pool

## Outstanding Lawyers Hope Of Counsel

By United Press International

An attorney representing scores of "freedom riders" facing jury trials in Jackson, Miss., said Monday it is hoped a "pool" of outstanding lawyers from all parts of the nation would represent the integrationists.

The trials of 182 riders will begin next week and extend through January. A total of 189 riders pleaded innocent Monday at a mass appearance in Hinds County Court and were issued trial dates on breach of the peace charges.

Attorney William A. Kunstler of New York, who represented those appearing in court Monday, said the lawyers being recruited would receive only travel expenses in return for their services. The expenses will be paid by the Congress of Racial Equality (CORE).

Seek Volunteers

"We will try to form a pool of top lawyers," he said. "They will come in from St. Louis, San Francisco, New York, New Orleans — all on a volunteer basis." Trial dates for the riders have been set through Jan. 19, 1962. Riders will be tried twice a day, five days a week beginning next Tuesday.

Kunstler estimated about 2,400 persons would be called for jury duty to handle the estimated 200 trials, with a 12-member jury hearing each case.

No incidents were reported during proceedings Monday. About 24 police officers were stationed outside the courthouse in downtown Jackson to prevent crowds from gathering. Most of the riders left the city after their appearance in court.

## Cracraft Rites Set Wednesday

Funeral services will be held Wednesday for L. K. (Chris) Cracraft, 48, sales manager for Plaza Motors, who died Sunday afternoon at Desert Hospital following an illness of some six weeks.

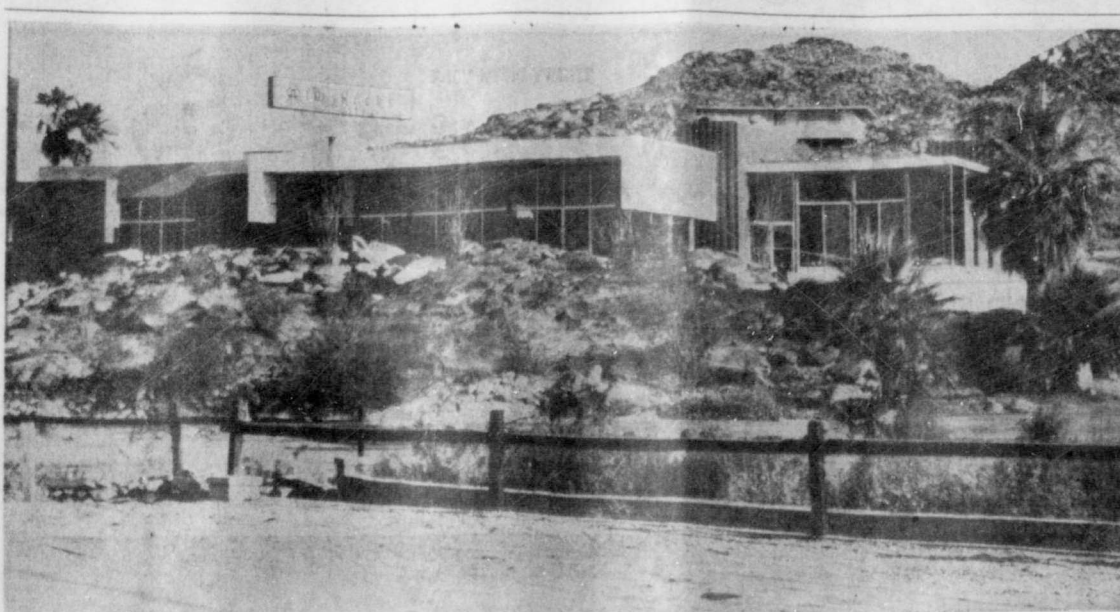

A resident of Palm Springs for more than five years, he was very active in civic affairs and was the first chairman of the Palm Springs Unitarian Fellowship.

Services will be held at Wiefels and Son Chapel Wednesday at 12 noon, followed by cremation and interment in Desert Memorial Park.

The family has announced that remembrances can be made in his name in donations to City of Hope.

### THE PLACE TO MAIL

Donations in remembrance of Chris Cracraft, whose funeral services are scheduled tomorrow, should be sent to City of Hope, in care of Mrs. Fred Lyons, 211 Desert Palms Dr., Palm Springs, it was announced today.

DINERS and travelers should recognize this mystery picture, the Rim-Rocks restaurant on Highway 111 just east of Palm Springs city limits. It nestles up there among the boulders,

striking the eyes of all motorists, except of course, those who always keep their eyes directly on the road in front of them. But how many are they? (Desert Sun Photo)

## Angel View Reports Contest Net

DESERT HOT SPRINGS — The Angel View Crippled Children's Foundation board has received a final report on the aid given the orthopedic clinic and hospital for children here by the Teen Angel Queen contest last spring, and received a donation from two Texas girls named Johnson.

The annual Teen Angel contest netted \$11,301.59 for the crippled children's work, from a \$14,797 gross, president Sam Benton told his fellow board members.

Benton told the board he had received a small check and the following note from two young teen-agers in Texas:

"Both my sister Lucy and I were interested in reading about the Angel View Crippled Children's Foundation. We know that it not only helps the crippled children for us and other teens to contribute to projects like this, but it also makes us feel like better citizens, so the enclosed contribution is not entirely selfless. Please tell Nicky Williams that Lucy and I hope he grows stronger and stronger."

The letter was signed by Lynda Bird Johnson, oldest daughter of United States' Vice President Lyndon B. Johnson.

Nicky Williams, Benton reported, grew "stronger and stronger," and has returned to his home in Blythe.

## Morrison Died Of Barbiturates

BEVERLY HILLS (UPI) — Actress Janet Leigh's father, insurance broker Fred R. Morrison, 52, died of an overdose of barbiturates, coroner's deputies disclosed Monday.

Dr. Kenneth Chapman, deputy medical examiner, said an autopsy showed that Morrison apparently committed suicide last Friday night.

## Pay Demands Hit Steel Markets

WASHINGTON (UPI) — The executive vice president of U.S. Steel Corp. has called for a halt in union demands for higher pay as one means of protecting America's share of the world steel market.

R. Conrad Cooper told a House subcommittee Monday that high wages paid to American workers was a major reason why foreign steel producers had been able to make deeper inroads into the

## VJ Day By: Passes Unnoticed

Fifteen years ago yesterday, the Japanese armed forces surrendered. Yesterday in Palm Springs, apparently as in most of the nation, the anniversary went unheralded.

Late in the afternoon, a lady called The Desert Sun offices to report she had noticed a few flags in recognition of the day. That set the Sun staff to thinking that:

—It had not remembered the anniversary in time to remind readers.

—It had not received any notice or story from United Press International or other news services.

—It had not seen or heard of the anniversary from any other news media.

Nevertheless, yesterday was VJ Day, the 15th anniversary of an announcement that sent millions of Americans into nearly hysterical celebration.

## Mrs. Schneider Interred in Los Angeles

DESERT HOT SPRINGS — Mrs. Mary Sadie Schneider, 63, who lived here at 66-156 2nd St., was buried in Shalom Cemetery, Los Angeles, Aug. 7, it was learned here today.

Mrs. Schneider, who had been ill for several months, died in the Pomona Valley Community Hospital Aug. 6.

A native of Russia, Mrs. Schneider lived in Bourbon, Ind., prior to moving to California 12 years ago. She had lived here with her husband, Ben, for the past seven seasons.

Survivors include her husband, Ben; a daughter, Mrs. Diana Aberman, Claremont; a brother, Israel Mishkovsky, Knox, Ind.; two sisters, Mrs. Ida Waller and Mrs. Sarah Levine, Chicago, Ill.; and two grandchildren.

## Major Hearing Aid Franchise

A rarely available major line hearing aid dealer franchise is now open for the Palm Springs area. This opportunity involves a fast - moving and complete line, fully supported by factory training, promotion and advertising efforts. Retail finance plan included. Previous hearing aid experience helpful but not mandatory.

This is an excellent opportunity to enter into a semi-professional, independent business which is already healthy and continuing to grow proportionate to California's increasing population.

## Kidnaped Boy Now Home; Woman Sought

LONG BEACH, Calif. (UPI) — A 7½-month-old boy was safe at home with his parents today, but police and FBI agents continued to search for the woman who "borrowed" the infant Sunday and failed to return.

The baby, Donald Michalke, was found shortly after midnight today in an apartment in the north-west section of the city. He was unharmed and turned over to his mother, Mrs. Edith Michalke, 30.

The FBI said an unidentified person who befriended the suspected kidnaper, Mrs. Bonnie Rose Barrington, 25, later learned of the abduction from a newspaper article and called authorities.

# FRB Head Urges Union Control

WASHINGTON (UPI) — Former Federal Reserve Board Chairman Marriner S. Eccles has urged stronger legislation to control labor unions to assure economic growth.

Now a banker in Salt Lake City, Eccles appeared Monday before the Senate-House Economic Committee which began a week-long hearing on a three-year study by the commission on money and credit.

Eccles, who headed the Federal Reserve Board from 1936 to 1948, said that "big government" not only was here to stay but would continue to grow bigger. He said that "in general" he favored most of the 85 specific recommendations made in the commission's 282-page report. But Eccles said he had "grave doubts" that the recommendations could lead the way to economic growth, low unemployment and price stability because of several weaknesses.

The principal weakness, he said, was failure to take into consideration the full impact of the "unbalancing effects of the monopolistic power exercised by organized labor."

He said "organized labor not only draws from the economy benefits in excess of increased productivity, but undermines our ability to compete in the world as well as domestic markets."

## Mail Hike

An increased schedule of charges on some registered mail goes into effect today in all United States Post Offices, according to Al Patane, postmaster at Cathedral City. Patane said these include increases of 10 cents each on insured mail of up to \$10 in value and on fees for C.O.D. services.

## B.P. and W. To Meet For Legislation

Pursuing its active legislation program, the California Federation of Business and Professional Women's Clubs has called a Legislation Meeting for August 12th in Redondo Beach, California, according to Mrs. Zoe Matthews of Hayward, State Legislation Chairman.

The purpose of the meeting is to discuss and formulate plans for future legislation study and for bills to be promoted by the Federation. Legislation Chairmen from the 12 districts in California will attend.

Lily M. Budd (Mrs. Henry J.) of San Francisco, President of the California Federation, who has just returned from the Convention of the National Federation of Business and Professional Women's Clubs in Chicago, will discuss national legislative policies.

"The meeting will discuss not only future legislation," said Mrs. Matthews, "but will also celebrate the successful conclusion of one of our major objectives at the last session of the California Legislature."

The Federation promoted the inheritance tax bill, passed on the last day of the Legislature, which removes inheritance taxes on community property inherited by widows. Under the old law, community property was not taxed when a husband inherited from his wife, but was taxed when a wife inherited from her husband. This new law permits either husband or wife to inherit community property from one another free of inheritance taxes.

**DOUBLE RINGS** were exchanged by Leeann Howard, daughter of the Robert Howards of Via Lola, and Jon Chumley of Camarillo Heights, during ceremonies at Community Church.

with Rev. Charles T. Brown officiating. Honor attendants were Mr. and Mrs. Larry Paul. (P.S. NewsPhoto)

## K of C To Hold Family Picnic

Probably their biggest outdoor event of the year, the Knights of Columbus will hold a fishing contest and family picnic at White-water on August 20, from 1 to 7 p.m.

Refreshments, food (other than fish), games, and entertainment will be provided.

Reservations may be made by calling Col. Kane at 324-4179, or Eugene Thompson at 325-2603.

## An Adage Put to Advantage

It was something borrowed that kept Leeann Howard from being blue when, two weeks ahead of schedule, she became the bride of Jon Chumley of Camarillo Heights.

Carrying a nosegay of white carnations and a new lace handkerchief, the bride recited the oldest of vows at Community Church, while wearing a borrowed gown and veil and a blue garter.

Given in marriage by her father,

the bride exchanged rings with the groom, with Rev. Charles T. Brown officiating.

Mrs. Larry Paul was matron of honor to the bride, who was lovely in a ballerina length cotton lace gown borrowed from Mrs. Gary (Corinne Strebe) Sanders, a true friend in need.

Her bridesmaids were Miss Martha Zipfel and Mrs. Noel Birns, who recently recited vows

while wearing the same fingertip veil worn by the bride.

Larry Paul acted as best man to the groom, while ushers were Noel Birns and the bride's brother, Bob Howard Jr.

Following the ceremony, a champagne reception was hosted by the groom's sister and brother-in-law, Mr. and Mrs. Robert Sandeffer of Calle Paul.

Miss Palm Springs of 1960, the bride is the daughter of Mr. and Mrs. Robert S. Howard of Via Lola. She is a graduate of Palm Springs High School and attended Santa Barbara City College, where she was a member of the French Club.

Also a graduate of Palm Springs High, the groom is the son of Mr. and Mrs. Arlie Chumley of Camarillo Heights, and attended Ventura College, where he was a member of the varsity swimming team.

As guests of the management, Ocotillo Lodge, and are now in Ocotillo Lodge, and are now in Santa Barbara, where they will visit his parents, who were unable to attend the wedding.

The couple will make their home in Phoenix, where the groom will attend college and work toward an engineering degree.

Wedding and reception guests were Messrs. and Mrs. Larry Paul, Noel Birns, Robert Howard, and Robert Sandeffer.

Also, Bob Howard Jr., William Chin, Kurt Seeley, Mrs. George Strebe Jr., and Miss Martha Zipfel.

You can create the basis of your own fashion look. Diet, exercise and regular care of complexion and hair will give you the inherent good looks that are hallmarks of American women and the basic principle of looking tops in fashion.

## Sheriff Has Safety Tips For Children

By JOE W. RICE, Sheriff  
As they have hit the mid-point in the vacation period from school, we find the children become more adventuresome. For this reason I think it is timely to mention the danger of blasting caps in more detail. In the rural area of the county these are found from time to time in locations that were taboo at the start of the vacation period. If discovered the child should know what he has — it's not a toy.

Dynamite blasting caps are deadly bombs. They are dangerous. They kill, maim and blind dozens of our children every year.

As one measure to protect your child, our department has attempted to familiarize him with this deadly 'toy' through samples placed on posters throughout our schools. You as parents may assist further by pointedly discussing the potential of blasting caps with your children.

Blasting caps are fairly easy to identify. They are round and metallic with about the same diameter as an ordinary lead pencil and are from one to six inches long. In appearance they resemble a bullet cartridge casing.

There are two basic types of blasting caps. One has an open end and is detonated by a flame from a fuse. Another type known as the electric blast cap has two small wires extending from one end so that it can be fired by an electrical current. Both types are loaded with nitro-glycerin and are extremely sensitive to the slightest blow.

The probing hands of an inquisitive child treating it as a toy can easily set off a blast that can kill or maim from a distance as far as 200 feet by hundreds of tiny bits of flying materials. The caps are used in blasting operations in mines, quarries and to forth. They are frequently misplaced and therefore in these areas are found by playing children. Because they are stolen from time to time, however, they may be actually discovered in any locale. Men who handle explosives in their daily work accord blasting caps even greater respect than dynamite. To the youngsters, however, who would run from a stick of dynamite, the shiny blasting caps are a fascinating toy.

If you have a question in your mind regarding the description given above, please contact your nearest Sheriff's Station to see the real thing. Also, the station can provide you with further information.

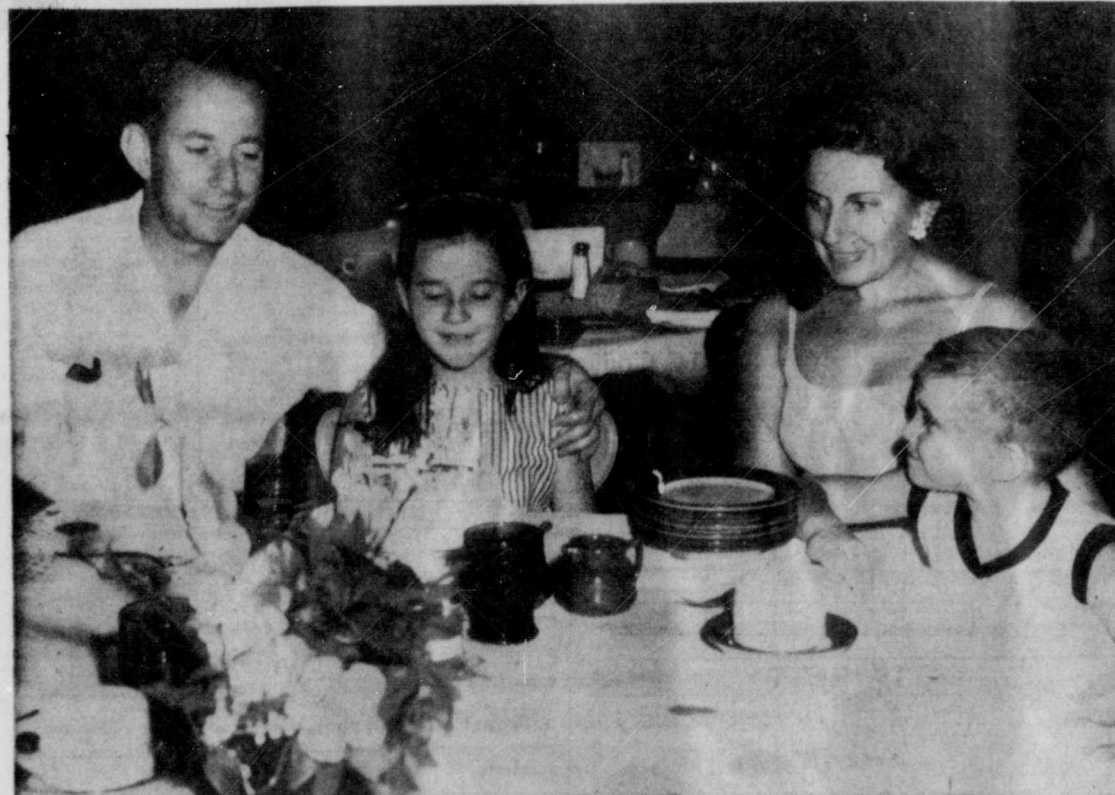

Let's all join together to finish this summer vacation on a happy note—warn your children of this danger.

Learn what good taste is and measure everything you wear by its standards.

## STAUFFER NEEDS HELP

Stauffer Reducing is expanding and needs an ambitious dignified man or woman in Palm Springs. We furnish National Advertising Leads without cost, and a complete Sales Program which should enable you to enjoy above average income. Write to MR. HAMILTON, 1919 Vineburn Avenue, Los Angeles 32, California.

## EASY IDEA FOR TRAVEL EASE

If you're planning an automobile trip, here's an idea that can help you make the hours in the car go more quickly.

Cut panels of Masonite 1/2-inch tempered hardboard, one for each traveler, to the size of the car windows. As lap boards, the panels can be used as desks for writing or for supporting books or magazines more comfortably while you're reading. For the woman

traveler, one can serve as a handy dressing table as she applies make-up, sets her hair, or gives herself a manicure en route.

A checker board or other game can be painted on one side of the panel so the youngsters can entertain themselves.

One panel also can serve as a handy mount for road maps, notes on directions for reaching off-the-highway tourist attractions, or the itinerary for the day. Held to the board by a spring clip, these papers are easily available for reference.

Passengers riding in the hot sun can gain protection by mounting the Masonite panels in the windows to form shades, taking care not to obscure the driver's vision. Or, during a brief rest stop, they can be placed in the windows to darken the interior of the car while the passengers take a nap, or give privacy when a vacationer changes to a bathing suit.

If you leave the car parked in the sun, during a lunch stop, for instance, the panels can be used to keep the seats cool.

Look for strawberries with their caps on. Berries without caps may be over-ripe and mushy. Bright berries with solid red color have better flavor.

## 250 Diapers Is A Comedown For Mother of Quadruplets

HOLYOKE, Mass.—"Next week only 250 diapers, please." That kind of order to the diaper service man is typical at the home of Mr. and Mrs. Raymond P. Feyre. At one time he was delivering 300 diapers a week for the quadruplets born to the couple last March 29.

The mother who fancies herself overworked caring for a new baby should watch the efficiency with which Mrs. Feyre, 35, raises her brood of 10, including the quads and also a set of twins. Mrs. Feyre's mother, Mrs. Bertha Sullivan, lends a helping hand.

On what kind of a schedule does the Feyre household operate?

As Mrs. Feyre sees it — there is no day and no night; they fade into each other, cancelling out all starts and stops.

Until nearly June, Mrs. Feyre was happy to sneak upstairs for naps — says from 5:30 p.m. to 7 p.m. or from 9:30 p.m. to 11 p.m. Then a breakthrough was achieved. A firm presented her with a carriage for four.

The following day she experimented by setting the quads — two boys and two girls — out under guard in the backyard. They slept almost three hours without interruption.

"From now on," she said, "if we can arrange for watchdogs, I may be able to sneak an afternoon nap once in a while, too."

The next breakthrough will have to be the six-hour sleep for all four from midnight until 6 a.m. Mrs. Feyre says she's negoti-

ating with the quads for what actually is a 126-hour work week. She expects concessions some time in late summer.

Meanwhile, she maintains a night vigil on a convertible couch in the front room next to the nursery.

Four tiny cribs line the nursery wall. Margaret, Maureen, James and Robert are the names in pink and blue letters, on the cribs.

Mrs. Feyre does five loads of laundry a day. The first batch goes into the washer at 5:30 a.m. Christine, 14, eldest of the Feyre children, helps with the laundry.

The quads are healthy and robust, each weighing 10 pounds or more.

"Just a little less than nine years ago," Mrs. Feyre said, "when Raymond and Mary, the twins were born, I used to say to myself, 'If only one of them would sleep through tonight.'"

"Now I have to laugh when I catch myself saying, if only two of them would sleep through."

SECRET AGENT X9

JOE PALOOKA

By JULIAN GOODMAN  
NBC Vice President,  
NEW YORK (UPI) — At this moment, in just about every country this side of the Iron Curtain and several across it, there are TV reporters and camera crews stomping through the bushes, dodging bullets, and buttonholing heads of state, in preparation for the greatest season of news specials in the history of television.

At NBC, we're doing more than anybody else and we fully intend to do them better.

Example: the 40 specials. Our executive vice president, William McAndrew, announced in March that, in addition to our regular schedule of news and information programs, we would carry in prime evening time 40 informational specials to broaden and deepen public understanding.

Since it is a rare TV column that passes without invoking a phrase from Shakespeare, let me say we will draw the curtain and show you the picture. And more than the picture, we hope to show the meaning of it.

Would Impress Thinking  
Executive producer Irving Gittlin will produce six NBC white papers which we expect will leave an important impression on American thinking. The 40 specials, many in color, will have such things as David Brinkley's "Our Man in Vienna," (and, later, Washington); Chet Huntley in Spain; Edwin Newman in Geisha House in Japan; three 90-minute examinations of space and science "thresholds," complete

roundups of the progress medical science has made in heart disease and cancer; a voyage down the Nile; Ralph Bellamy's perceptive and human story of the work of the hospital ship Hope in south-east Asia; a survey of U.S. bases overseas.

Soon after Labor Day we will begin the series with Gerald Green's hour-long coverage of the neutralist conference at Belgrade—with Tito, Nehru, Nkrumah and friends—a conference highly important to both East and West, and one which would have been covered on TV not too many years ago with a few lines spoken by an announcer.

TO MAKE PILOT  
HOLLYWOOD (UPI) — Director Joseph Pevney will make a pilot film for a musical TV series starring his wife, Mitzie Green.

THE DESERT SUN Page 5

## We Lose a 'Good Indian'

Palm Springs is losing one "good Indian"—and we don't mean a dead Indian—at the end of this month. Ji Bear Paw, the assistant planning director for the city, is moving on to other things in the field of municipal planning.

Areas in five states—Utah, Colorado, Arizona, California and New Mexico—are to be congratulated on having the Cherokee chief as their planner. He is a good one, and the City of Palm Springs can testify to that.

During his nearly two years here, he was responsible for some of the most important work Palm Springs has undertaken. Probably, of top significance among the projects was his work which brought about improved cooperation between the city and the local Indians. Much of his future work will be in "Indian country," and his record here indicates success there.

Aside from his accomplishments as a planner, Bear Paw (He is called "Jack" by a large percentage of the population, since his correct name was misunderstood when he first arrived here.) has earned a good deal of affection as an interesting "good egg."

Those two attributes—being a "good egg" and doing the jobs facing him well—should keep Chief Ji in the good graces of civic-minded folks wherever he goes.

It's just too bad he is going from here.

## Thumbs Up

## Letters to the Editor . . .

The Desert Sun  
Attention The Editor  
Dear Sir:

The Kennedy Administration has proposed that dividend income be subjected to a withholding tax at the source.

This proposal has aroused considerable controversy. Attached is the copy of a letter on this subject which I sent, August 2, to the two California Senators and to Congressman D. S. Saund who represents the 29th California District which is composed of Riverside and Imperial counties.

In the belief that the letter may have expressed an opinion of general interest I am taking the liberty of sending a copy to you for such use as you may see fit to make of it.

Very truly yours,  
George L. Gibson  
Palm Springs

Hon. Clair Engle  
Senate Office Building  
Washington, D. C.

Dear Senator:  
The Ways and Means Committee of the House of Representatives is considering a measure which includes a provision to subject dividend income to a withholding tax at the source.

As I understand it the Administration expects by this means to be able to collect the tax due on that portion of such income which is now unreported. Inasmuch as such a tax is now levied on wages and salaries it is proposed that dividend income be treated in similar fashion.

Because there are important differences in the age level and the economic status of the recipients of these two forms of income I trust you will consider the following points before casting your vote.

There are in our country today approximately 68 million employed persons. Their average age is well under 65 years. Their income derives primarily from their employment. Wages and salaries are periodically adjusted to meet economic changes in our society. Most of these persons have income tax liabilities. Due to the relative stability of employment tenure the collection procedure is not too complicated or costly.

There are approximately 15 million corporate shareholders in the country. The age of a

majority of these is over 65 years. This group includes millions of retired persons; a group that is constantly increasing relative to total population. These persons, because of age, are denied the opportunity to earn wages. However they must live. Their opportunity to provide a living lies quite logically in the "dividend and interest" sector of the National Income. A great many of them have a low, or no, income tax liability. Much of their income is fixed lacking the flexibility of wage income. As a result of these factors most of them need their total income currently. The possibility of eventually securing a refund check is of little assistance in meeting their minimum daily requirements.

Millions of shares change hands daily on the various stock exchanges throughout the country. The administrative cost to the Government and to industry of processing these transactions would probably nullify most of the recoveries from those who do not report such income. The cost of all functions and services, public and private, finally rest on the people. Why is it so imperative to enact legislation that would create more injustice than it would cure?

It might be well to remember that most dividend income is presently taxed at the source, at the rate of 32 per cent. The average tax rate of wage income is probably much lower. Remember too that dividend income is the "wage" of the retired person deriving from the use of his savings from his productive years.

It is my opinion, Sir, that a more equitable program for catching delinquents could be formulated than the one proposed. I ask that you withhold your approval of this measure and that you support a further study of the problem.

For purposes of identification I am one of your constituents. I am not a member of a Chamber of Commerce or labor union. The thoughts expressed are my own without gratuitous suggestions.

I ask only for an objective consideration of this measure.

Very truly yours,  
George L. Gibson  
Palm Springs

DEAR ABBY: The other night I went out with a married man. I did not know at the time that he was married. He told me during the course of the evening.

I have never done this before as I am opposed to this kind of conduct. I was (and still am) strongly attracted to this man. He asked me to go out with him again. I refused.

Abby, please spell out for me what could happen if I should weaken and go out with him again, so when I am tempted I will take out your letter and read it. Thank you.

DEAR G.: (1) A married man who "dates" is a cheater. (2) If the "strong attraction" overpowers your moral judgment, and you become involved with this man, he would have to break up his present marriage before he could marry you. (3) If he were to marry you (a big "if"), what would you have? A married man who cheats. Class dismissed.

DEAR ABBY: When a friend of yours asks you if you like a dress, a hat or a pair of

shoes, should you say you like it whether you do or not? Or should you be perfectly honest?

ASKED OFTEN

DEAR ABBY: If the article has already been purchased, don't knock it, because your opinion is not wanted — just your approval. But if the decision is yet to be made, be frank.

DEAR ABBY: Maybe I should be ashamed to write this letter, but I must have an answer. I am 27 and have been married to a good man for five years. We have two adorable children. Please don't think I'm crazy but I still undress in the clothes closet. Is there anything wrong with this? My husband has never laughed at me or complained, but I feel so childish. Should I try to get over this inhibition? Or don't you think it matters?

STILL SHY  
DEAR ABBY: Since your husband doesn't object, your "problem" exists only in your own mind. Everyone need not shed ALL inhibitions in order to be happy. Keep your skeleton in the closet.

## This Side of The Sun

By R. F. 'Phat' Graettinger

Isn't the Red threat bad enough

Without some CDs playing rough?

With Nikita Khrushchev making like a Mad Russian, seems to me we should all heed the advice of that old line we once used when practicing on a typewriter:

"Now is the time for all good men to come to the aid of their country."

INSTEAD of issuing loose talk about shooting each other and arousing a furore at home, we should get together, united against the 'oe from abroad, eager to help possible evacuees instead of planning to repel them.

Personally, I believe the words credited to J. Carlton Adair of Las Vegas and Keith Dwyer of our own Riverside County on barring refugees, are too silly to merit comment.

BUT COMMENT they have been getting. Adair now claims he never meant it that way. Dwyer hasn't had a chance to deny he spoke his piece — they shut him up but quick.

Palm Springs received much favorable comment in the metropolitan press for the quick way it said it was ready, willing and able to provide for refugees from nuclear bombs to the utmost of its ability.

Perhaps that old typewriter practice line could be applied to Adair and Dwyer if we just abbreviated it a bit:

"Now is the time for all men to come to."

ONE OF THE HAZARDS of writing these things well in advance is that something is liable to happen between the day it was whammed out of the keyboard and the day it appears in print.

Something to make your semantics come back to haunt you, even trip you and push you over

on your face. For instance, last Tuesday I wrote something for Friday's Sun about being nice to that pipsqueak Castro when he holds one of our airplanes. The next day I learned he holds TWO of them.

THINK OF THOSE who have to prepare their material weeks before publication—they have it bad.

The same day that the press was making a big hullabaloo about Moscow's announcement that Russia's Maj. Titov had made 17 passes around the earth, each one in 36 minutes, the mail man brought me a copy of a national magazine to which I subscribe. A feature was a fanciful story about an American astronaut who had just returned from a trip around the moon.

IT WAS GOOD READING but its publication date was one of the most ill-timed I've ever read.

For while the USSR was broadcasting its mighty space victory, a character in the story told the fictional hero in exaltation:

"Yessir, you made it! Wait until the news gets to Moscow!" Turning from the front pages, it wasn't a nice feeling.

HOWEVER, two other items I read in a recent paper only three pages apart, do seem well-timed.

In one, Willy Brandt, West Berlin mayor, is quoted as telling his people not to take K's threats too seriously—"relax and enjoy ourselves. That will make Russia nervous."

The other item was that the Soviet Academy of Science has just set up an Institute of Higher Nervous Activity.

PRETTY GIRLS and watermelons are synonymous with the Farmers Fair at Hemet which will run five days, tomorrow through Sunday. The three girls pictured can do more than look pretty eating watermelon. They are candidates for the Farmer's

Daughter title, and as such, they must do such farmerish things as drive tractors. From the left, they are Margie Long, Hemet; Sharon Himes and Carolyn Hoertsch, both of Riverside.

## Agencies Scrapping

★ ★ ★ ★ ★  
TREASURY TAX BOOST PLAN STARTS HASSLE

WASHINGTON (UPI) — Government agencies are scrapping over the Treasury Department's proposal to boost the taxes paid by savings and loan associations and mutual savings banks.

The Housing and Home Finance Agency foresees dire results in the loss of home mortgage credit. So does the Federal Home Loan Bank Board.

But the Federal Deposit Insurance Corp. and the board of governors of the Federal Reserve System are in the Treasury Department's corner.

The proposal, which has the enthusiastic support of the commercial banking industry, is now before the House Ways and Means Committee. President Kennedy proposed it as one of his major tax reforms.

The measure would impose a corporate income tax on the mutual thrift institutions which would bring in \$378 million the first year and up to \$549 million five years from now.

### Warns Of Effects

But the Federal Home Loan Bank Board has warned congressmen the tax would have an adverse effect on home mortgage credit with a loss ranging as high as \$4.5 billion.

The board contends this would happen because savers would take their money elsewhere if dividend rates are reduced.

"Every billion dollars of real estate credit dissipated as a result of the diversion of funds from savings and loan associations to commercial banks means an annual reduction of 80,000 housing units," the board said.

The Housing and Home Finance Agency also said the tax hike could bring "a significant decline in homebuilding."

But Earle Cocke Sr., chairman of the Federal Deposit Insurance

Corp., does not see it that way at all. "The tax will have no great impact upon the total savings of the American public," he said.

### Compete With Others

Cocke said savings and loan associations and mutual savings banks are competing with commercial banks for the savings and loans of the people.

"Whatever basis might have

provided justification in the past for a favored tax position to mutual thrift institutions," he said, "we now believe such institutions have grown in financial strength to the extent that they should be expected to bear their full share of the tax burdens of the nation."

Chairman William McC. Martin Jr. of the board of governors of the Federal Reserve System said there was "little logic" in the way the present law was set up.

## Motorist, 84, Surrenders Driver License

VALLEY STREAM, N.Y. (UPI) — An 84-year-old motorist, who can boast of a perfect record during his 43 years behind the wheel, voluntarily turned in his operator's license Monday out of consideration for all the "young people on the road."

Frederick M. Kappauf's decision was applauded by State Motor Vehicle Commissioner William S. Hults, who called the gesture a "fine thing."

Kappauf, who is in good health, was in no danger of having his license taken away. He never had an accident or received a summons in 43 years of driving.

But he said he decided to relinquish the license because he feared that at his age he might suddenly become ill while at the wheel and possibly injure others.

### WALKING ON AIR

VALLEJO, Calif. (UPI) — Crew members of the nuclear-powered submarine Theodore Roosevelt are walking on air every time they board ship.

The ship, based at Mare Island Naval Shipyard, has an inflatable rubberized fabric gangplank. It's the same (Goodyear Tire & Rubber Co.) material used in the ship's bunks.

## U.S. Newspapers Geared to Adopt Self-Censorship

GALVESTON, Tex. (UPI) — If the Berlin crisis erupts into a shooting war, American newspapers are geared to adopt self-censorship as in World War II. Felix R. McKnight, president of the American Society of Newspaper Editors, said Monday.

McKnight addressed the Texas Daily Newspaper Association.

McKnight, executive editor of the Dallas Times Herald, added that the government should not expect newspapers to adopt the self-censorship unless the entire country is on a wartime alert.

"If the urgency of the moment dictates, the American newspaper can overnight re-enter the World War II operation of voluntary censorship in the interest of national security," McKnight said. "The machinery is standing by."

## Long Wait for Eichmann's Verdict Starts

JERUSALEM (UPI) — Adolf Eichmann, his trial completed, today began the long wait until November when he will hear the verdict of the Israeli court trying him for the murder of six million Jews.

Israeli authorities have begun preparations to transfer the former Nazi S.S. officer to a secure place of detention — probably somewhere in the north — where he will wait in solitude for the court's decision.

The tall chicken-wire fences around the Jerusalem Community Center where the trial was held started coming down almost as soon as defense counsel Dr. Robert Servatius stopped speaking Monday.

Television crews began dismantling the closed-circuit television equipment.

The prosecutor, Israeli Attorney General Gideon Hausner, was due to leave for a vacation before resuming his duties. Servatius and his defense aide were packing for their return trip to West Germany.

Eichmann, whose trial started in April, now must wait until sometime in November to see whether the three Israeli judges will favor his own protestations of innocence, or the testimony of witnesses who blamed him for the systematic slaughter of European Jewry.

### SO NEAR

MT. WASHINGTON, N. H. (UPI) — A monument stands near the summit of mile-high Mt. Washington in memory of Lizzie C. Bourne of Kennebunk, Maine.

The 23-year-old woman started to walk to the summit of the mountain on a bright Autumn day, Sept. 13, 1865. A violent storm blew up, and she died, unaware that shelter was only a few yards away.

## SATURN ROCKET BOOSTER TO REACH LAUNCH SITE TODAY

CAPE CANAVERAL, Fla. (UPI) — America's 50-ton Saturn rocket booster, which carries this country's hopes of reaching the moon, arrives here by slow boat today.

The Saturn booster has been proceeding on its 2,200-mile journey by barge, at a slow pace, for 10 days. It was shipped from Huntsville, Ala., down the Mississippi and finally neared the Cape via the Gulf of Mexico and the Atlantic Ocean.

Only a short haul by truck remained to take the 83-foot rocket from an unloading platform at Eau Gallie, 15 miles south of here on the Banana River, to Pad 34 at the Atlantic missile firing range.

The booster and a dummy upper stage that will be tested here later this year were manufactured at the National Aeronautics and Space Administration's Marshall Space Flight Center in Huntsville.

The barge, air conditioned and pressurized, was built at a cost of \$250,000. It is covered to protect the vehicle from the elements.

While technicians of the Marshall Space Flight Center were building the Saturn and attaching its eight great engines at Huntsville, other crews have been busy here building the Cape's biggest launching platform to handle the rocket.

The service tower alone for the

great rocket was a major construction project. It stands 310 feet tall, weighs 2,800 tons and is delicately balanced on four wheels so it can be rolled back from the launching site.

When it becomes operational with upper stages, probably in 1964, Saturn will be able to put payloads of 19,000 pounds into 300-mile earth orbits or 2,500 pounds on Venus or Mars.

The rocket will be used for re-entry tests of unmanned Apollo spacecraft — NASA's planned three-man space ship for earth orbital and around-the-moon flights, Mars and Venus probes and soft landings on the moon with large instrumented spacecraft.

## Remember When . . .

AUGUST 15, 1951

On this date Palm Springs began preparation for World War III by seeing that its air warning system was in good working condition. An air raid warning test was sounded throughout the community.

Local teenagers were warned to pay heed to the curfew in Palm Springs. The curfew had been set at 10 p.m., but was not being observed, according to police.

AUGUST 15, 1941

Engineers began work on the survey of a new three-lane road into Palm Springs from the Windy Point curve. At a cost of \$150,000, the project was to be completed within a month after it began. The project also called for a new bridge at Chino Canyon Creek.

AUGUST 15, 1931

Local area residents were urging the construction of a road from Edom-Thousand Palms area to Palm Springs, and among the backers was Charles Cooper, father of movie star Gary Cooper.

**TEEN-AGE STAR**, Janet Champion, youngest of all the Ship-stads and Johnson Ice Follies queens, seems to be saying "I'll be seeing YOU at the Ice Follies!" and she will be seeing you, if your name appears in The Desert Sun Want Ad section. It's the "Find Your Name" feature starting in The Desert Sun's Classified Advertising section next Monday. Each day a name will be hidden in the Want Ads, and if it is your name, you will be given two tickets to the spectacular Ice Follies, which opens at Pan Pacific, Los Angeles, September 7. Watch for the "Find Your Name" feature, starting in The Desert Sun, Monday, August 21.

## Japanese to Put Bubbles In Rice Wine

By CHARLES R. SMITH

TOKYO (UPI)—They're going to put bubbles in Sake, that mild-tasting Japanese rice wine which looks like water and packs a delayed-action punch.

But the bubbles won't take the bite out of the drink. Sake makers promise so.

The reason they're putting the bubbles in the wine is to give it a nice, "modern" look so they can boost sagging sales.

Almost since the time of Amaterasu Omikami, the sun goddess, Sake has been the number one drink of Japanese tipplers.

But in postwar years Sake's been slipping. The younger set, unlike their elders, don't consider it fashionable to sit in Western style air-conditioned bars and sip old-fashioned warm Sake.

They prefer beer and fancy sounding cocktails made with Western whisky and to Western recipes.

The Sake makers decided to follow the age-old rule—if you can't beat 'em, join 'em. And so they are—with bubbles, fancy-named cocktails and all.

They're going to push new cocktails which use Sake as one of the main ingredients, get some airlines to serve the Sake concoctions on their flights and generally get Sake back on the shelves in the bars by making it "fashionable."

Oldtime Sake-sippers (you never drank Sake, you always just sipped it) must be cringing at the thought of people actually gulping the stuff down, and cold, too.

No respectable Sake-sipper of the old school would have thought of taking it anyway but piping hot—in any kind of weather.

Regardless of what the old folks say, the Sake makers are going through with their plans to "modernize" the ancient rice wine since a recent poll showed that beer is more popular than Sake.

Sake, the poll revealed, is considered as an "antiquated" drink these days.

**WATCH YOUR STEP**  
NEW YORK (UPI) — The National Safety Council reports that falls kill and injure more people in the home than any other type of accident.

## LEGAL NOTICES

### NOTICE OF TRUSTEE'S SALE

No. 183  
On August 29th, 1961, at 10 o'clock A.M., at the Main Street entrance of the Riverside County Courthouse, City of Riverside, California, CEN-TER MORTGAGE SERVICE COMPANY, as Trustee under the deed of trust made by ARCHIE L. LONG and HELEN E. LONG, husband and wife, as Joint Tenants, and recorded May 3rd, 1957, in Book 2081, Page 385, of Official Records of Riverside County, California, given to secure an indebtedness in favor of RIVERSIDE COUNTY MORTGAGE & LOAN COMPANY, a California Corporation, now owned and held by FEDERAL NATIONAL MORTGAGE ASSOCIATION by reason of the breach of certain obligations secured thereby, notice of which was recorded March 28th, 1961, in Book 2875, Page 507, of Official Records, will sell at public auction to the highest bidder at 150 North Palm Canyon Drive, in the City of Palm Springs, State of California, Lot FOUR HUNDRED FIFTY (450) of Palm Springs County Club Estates Unit No. 2, as shown by Map on file in Book 32, Pages 17 and 18 of Maps, Riverside County Records, for the purpose of paying obligations secured by said Deed including fees, charges and expenses of the Trustee, advances, if any, under the terms of said Deed, interest thereon and \$11,644.74 in unpaid principal of the note secured by said Deed, with interest thereon from August 1, 1960, as in said note and by law provided.

## REGULATIONS FOR CLASSIFIED ADVERTISING

- Every effort is made to eliminate false and misleading advertising from our columns. Any complaint will be thoroughly investigated.
- In the event of error notify the Classified Department at once. Advertisers are expected to check the first insertion. We will not be responsible for any errors after the first day.
- All claims for adjustment or credit must be made within 10 days. Receipts must be presented for cash refunds.
- All ads cancelled before publication will be charged for one insertion.
- Read your ad carefully before placing it with a taker. Due to mechanical operation it is im-possible to correct or cancel your ad until it has appeared one time.
- All ads must be 3 lines or more.
- Addresses telephone and box numbers shall be charged as part of the advertisement.
- How to estimate number of lines: The cost of any advertisement may be determined by counting 27 letters and spaces per 8 point line; when all capitals are used, count 25 letters and spaces to a line.
- Orders cancelled before expiration will be charged for the actual days run at rate earned.
- Ads with Box Numbers will be charged 25c extra.
- Copy changes: Copy on 30-time orders may be changed 2 times weekly; on 1-day orders once weekly; on 5-day orders once on 4-day orders copy may not be changed except for minor corrections.
- Telephone orders will be accepted without prepayment from adver-tisers within our collection area, who are home owners or whose phone is listed in their own names. Payment for Situation Wanted ads and Rental Wanted ads is required in advance.
- All ads placed from hotels, trailer parks, and models must be paid in advance.
- The closing time for daily Desert Sun Classified Advertising is 3:30 p.m. of the preceding day. Trans-ient, Non-Commercial advertising will be accepted to 4:45 a.m. daily and placed under too late to classify. Classified Department open 8:30 to 5:30 daily Satur-days till noon.
- Borders, boxes, cut-in type and other unusual arrangements not possible in machine composition are not available.
- All classified display advertise-ments measure 8 lines per column inch.
- Ads for matrimonial Offers, Por-tune Telling, "Share the Ride" or Ads of similar nature are not accepted.
- No reference is permitted to any race, religion, color or creed in Help Wanted advertising except to state a preference in ad for Domestic Help or ads placed by an established religious or chari-table organization.

Houses for Sale Palm Springs 89

## WHY IS EVERY HOUSE PRICED AT \$29,500?

ALMOST seems like that when you scan the Classified Ads! BUT read a little further — and see what we are offering here — and you'll be amazed! This particular home has 3 big bedrooms and 3 complete bath rooms, an unusually large living room with adjoining screened in lanai, a picturesque swimming pool, a custom built BBQ and extensive patio facilities, and if its storage space you need — this house has it, and best of all it can be purchased for as little as \$4000 down, just a bit more furnished. You'll see.

## Fight Aide Sees End To Muddle

NEW YORK (UPI) — Harry Markson, managing director of Madison Square Garden Boxing, Inc., said today he believes the dispute over the world middleweight championship will be settled "by next spring."

At present the 160-pound crown is split. Terry Downes of England is recognized as champion in Europe, Massachusetts and New York. However, the National Boxing Association recognizes Gene Fullmer of West Jordan, Utah, as middleweight ruler.

Downes is scheduled to defend his share of the title at Boston Sept. 23 in a rubber match with ex-champion Paul Pender of Brookline, Mass. Paul and Terry are tied at 1-1 in their two previous title bouts.

Markson disclosed, "Fullmer's manager, Marv Jensen, informed me today that Gene wants to fight the Downes-Pender winner for the undisputed title as soon as his fractured right elbow heals."

**Broken In Bout**

Fullmer fractured the elbow in his successful sixth defense against Florentino Fernandez at Ogden, Utah, Aug. 5.

Markson, discussing the situation in his office at the Garden, added: "And I am informed reliably that both Downes and Pender desire a title-clearing match with Fullmer, in case of victory on Sept. 23."

If Downes keeps his title in the Boston fight, brown-haired, slender-faced Markson continued, "a Downes-Fullmer fight would draw well at either Los Angeles or San Francisco. And if Pender beats Downes at Boston, a Pender-Fullmer fight would be a big attraction at Las Vegas, Nev."

He stressed that the Garden would be "very interested" in televising the title-clearing match, wherever staged.

DEFEATED TRY at Detroit River Swim, Detroit to Toledo, is begun by 24-year-old Mary Margaret Revell, who stopped after 18 miles, seven hours in water. Miss Revell swam Mackinac Straits in July. (UPI Telephoto)

## Sports in Brief

### Take on Champs

LONDON (UPI) — Howard Kind of Reno, Nev., will meet European heavyweight champion Dick Richardson in a 10-round bout at the Empire Pool, Wembley, Sept. 5. In a co-featured attraction, Len Matthews of Philadelphia will take on Dave Charnley, the British Empire and European lightweight titlist, in a 10-rounder.

## Bowsfield Hurls 5-1 Victory

WASHINGTON (UPI)—The Los Angeles Angels were laughing at the experts today and Manager Bill Rigney was chuckling loudest of all.

When the Angels and Washington Senators were formed out of the American League player pool last winter many skeptics predicted they would finish as the bottom two teams in the circuit. Several critics, including one nationally syndicated sports columnist, said the Angels would be lucky to win 35 games.

Los Angeles Monday, thanks to a beautiful pitching performance by left-hander Ted Bowsfield (3-4) set down the Senators, 5-1, at Griffith Stadium and won its 50th game of the season. With a bit of luck the Angels could win 70 before the schedule comes to a close.

Rigney's first remark after the game was "tell it to him," referring to the columnist who forecast the poor Angel campaign. Then he praised his team, especially young outfielder Lee Thomas, who got a homer, triple and double and scored four runs. The Angels, who end their current road trip Thursday, go for their fourth win in a row tonight when they meet Washington in the second game of the series. Jim Donohue (4-5), who has the lowest earned run average on the Angels staff, 2.90, opposes Ed Hobaugh (6-6) on the mound.

Thomas' homer was his 15th of the season since coming up from the minors. It was one of 10 Los Angeles hits that included doubles by Leon Wagner, Ken Hunt and Del Rice.

Bowsfield tossed a seven hitter for his ninth win of the year. The former Red Sox pitcher now has beaten the Senators three times this year. A .107 hitter, Bowsfield also shocked the small crowd of 4,234 persons by whacking a triple.

The victory was the Angels' fourth straight over its expansion "twin" and gave them a 7-5 edge over Washington this season.

## Olson Decision Winner in 1st Comeback Attack

OAKLAND, Calif. (UPI)—Former Middleweight Champion Carl (Bobo) Olson, who easily stepped over the latest hurdle on his comeback trail, said today he'd like "about two more good fights and then another shot at Archie Moore."

Olson breezed to an easy unanimous 10-round decision over Roque Maravilla of Boise, Idaho, Monday night. The former champ, now campaigning in the lightweight ranks, stabbed and jabbed his way to victory without difficulty.

One official gave Bobo every round, another had it 6-2, and referee Frankie Carter scored it 7-1. United Press International had it 10-0.

It was Olson's fifth comeback effort. It also was his second victory over Maravilla, who lost a seven round technical knockout to Bobo in Portland.

Olson, who used to have trouble making the 160-pound limit for middleweights, had trouble Monday making the stipulated weight of 179 pounds. At the first weigh-in he tipped the scales at 181, but came back later at 177 1/2 compared to 178 for Maravilla.

"I've been training hard and I'm in fine condition," Olson said. "I feel that my reflexes are very good."

### New Tourney Set

ONTARIO, Calif. (UPI) — The first Ontario Open golf tournament has been scheduled jointly by the Professional Golfers' Association and the Whispering Lakes golf course for next Oct. 11-15. The prize money will total \$23,000 including \$3,000 for a pro-amateur prelude to the 72-hole tournament proper.

## BANNER DRIVE JOLT Dodgers Hit 5-0 By Broglio Arm

United Press International  
The St. Louis Cardinals have applied the brakes to the Los Angeles Dodgers' headlong dash for the National League pennant—and now it's up to the Cincinnati Reds to make the most of the opportunity.

The Reds and Dodgers begin the most important series of the NL season so far with a single game tonight and meet again in a doubleheader on Wednesday. The Reds—who've been feuding with the Dodgers for the last few years—can take over the lead by sweeping the series.

The Cardinals gave the Reds an important lift on the eve of the big series when they downed the Dodgers 5-0, Monday night and cut Los Angeles' lead to two games. The victory ended the Dodgers' six-game winning streak and marked only Los Angeles' fourth loss in 23 games.

**Has Sore Shoulder**

Ernie Broglio, a 21-game winner in 1960 who has been struggling to reach the .500 mark this season, showed up at the Los Angeles Coliseum with a sore shoulder but when the game was over it was the Dodgers who were "hurtin' all over." The 195-pound right-hander from Berkeley, Calif., turned in a five-hitter for his second shutout and ninth victory of the season.

The game was the only Monday night action that had any real bearing on either pennant race. The Milwaukee Braves downed the Pittsburgh Pirates, 8-3, and the Chicago Cubs scored a 9-2 victory that stretched the Philadelphia Phillies' losing streak to 17 games in other NL games. In the American League, the Minnesota Twins beat the Kansas City A's, 6-2, and the Los Angeles Angels defeated the Washington Senators, 5-1.

**Helps Own Cause**

Broglio also struck the big blow in his own cause when he singled with the bases filled in the second inning to drive in two runs. Joe Cunningham drove in two runs with a double and a single and Stan Musial contributed three hits to the Cardinal attack.

Don Drysdale, who has shown signs of leading the Dodgers' late-season flag drive, was tagged for four of the Cardinals' runs and suffered his seventh loss against 10 victories. It was only the third time this season that the Dodgers were shut out.

Ed Matthews hit the 362nd homer of his major league career to move past Joe DiMaggio into 10th place on the all-time list as the raves dealt the Pirates' Harvey Haddix his sixth defeat. Joe Adcock had three hits and Hank Aaron had two in the Braves' 11th attack that brought relief pitcher Tony Cloninger his third win. Dick Stuart and Roberto Clemente homered for the Pirates.

**Banks Homers**

Ernie Banks drove in three runs with a homer, double and single and Jerry Kindall knocked in four to lead the nine-hit Cub attack. Dick Ellsworth pitched a six-hitter to win his sixth game for the Cubs while Frank Sullivan suffered his 11th loss for the Phillies. The Phillies' 17-game losing streak is only two short of the modern National League record.

Harmon Killebrew hit his 34th homer of the season and Billy Martin connected for a three-run homer for the Twins who handed Kansas City's Jerry Walker his ninth defeat. Jim Kaat pitched a seven-hitter and struck out four to win his fifth game for Minnesota.

## Welders Down Sands 10-2 in DSL Playoff 1st

Chuck's Welders shellacked Massey Rock and Sand 10-2 in the first round of the Desert Softball League Playoffs last night, as their star pitcher Neal Green walked three consecutive batters for the first time this season.

Despite Green's mysterious lapse of control, the regular season champion Welders had an easy time of it. They scored three times in the first, once in the third, twice in the fifth, and four times in the sixth.

O. B. Crawford's two singles and a double in four times at bat and Leon Kindy's three hits in three times up paced the winner's attack.

Green struck out 11 and allowed four hits in winning the game. Sal Valdivia, who allowed 12 hits, took the loss.

Massey got its runs in the sixth on a double by Valdivia and a homerun by Ben Rios. It was the first homerun hit off Green all year.

The two teams meet in the two out of three elimination Wednesday night. Tonight, CVSLA faces the Mexican Colony.

## City Disbands Desert Angels With Thanks

Palm Springs City Council last night, acting on a letter from Gillar Boyd, voted to disband the Desert Angels Committee.

The move was brought about by the signing of the new contract between the city and the Los Angeles Angels.

Councilman George Beebe, Jr., asked that appropriate scrolls of service be sent to the members of the committee who had done "such an outstanding job in getting a major league baseball club to Palm Springs for spring training."

# Gottlieb 'Player of the Year'

## Legion Star Cited For Hurling Bat And Field Work

STEVE GOTTLIEB, son of Mr. and Mrs. Arthur Gottlieb, Desert Hot Springs, demonstrates some of the mound prowess that helped gain him "Player of the Year" tag in the Pony League. (Desert Sun Photo)

Pitcher Steve Gottlieb has been named "Player of the Year" in the Palm Springs Pony League. The American Legion player was noted the honor by members of all teams in the league. Roy Crawford was second in the voting.

Gottlieb pitched 43 innings in the course of the season, compiling a win-loss record of 7-0 and a fantastic earned run average of only 0.61.

In the 43 innings he gave up only 12 hits, while striking out 97 batters and walking only 14. Of the 14 runs scored against him, only five were earned.

At the bat the Pony League star had 14 hits in 33 appearances for an average of .425. He hit three doubles and three homeruns, and scored 14 times in the course of the season.

When not pitching, Gottlieb played up second in the league.

## PS Lanes Plans 'Togetherness' Bowling Tourney

Togetherness will pay off for some Palm Springs area couple when Palm Springs Lanes' holds its handicap bowling event for couples Sept. 9-10.

Fred Scams, Lanes' manager, told The Desert Sun the mixed doubles tourney will include four games on four lanes for each entry team. The bowling may be done any time on either day, after 10 a.m.

Couples in Palm Springs, Rancho Mirage, Desert Hot Springs and adjacent desert areas are eligible for competition entry, Scams said.

Scores, based on handicaps, will be based on husband-wife team performance only. There is no age limit for the play.

## 8 Year-Old Mike Cook Wins Swim Trophy

RANCHO MIRAGE — Michael Cook, eight year-old son of Mr. and Mrs. Max Cook, 71-914 San Jacinto Drive, swept the seven and eight year-old boys' high point trophy in the Inland Empire Conference Championship meet at Cutter Pool, Riverside.

Preliminaries for the championship event were held Tuesday and Wednesday last week, with six heats for each event.

Mike took first place in the 25-yard backstroke, 25-yard breaststroke, and 100-yard individual medley. He also swam on the winning Riverside Flyers' free-style relay team.

Mike, coached by Mrs. Pearl Miller, Rancho Mirage, has been in the swim with the Riverside Swim Club this summer.

## It's the savingest time of the year on the trucks with the workingest ways

**SAVE!** You just can't beat August buys for saving. It's the time of year when Chevrolet dealers traditionally pull all the stops. You'll find sweeter-than-ever savings waiting for you on every '61 Chevy truck—from the nimble Corvair 95's, right up to the mighty medium- and heavy-duty jobs. Come in and save a bundle!

**SAVE!** You just can't beat Chevy trucks for working. With Chevy's easier riding Independent Front Suspension, loads ride easier, drivers stay fresher, the truck lasts longer. You get more work, more hauls, for your truck dollars!

**SAVE!** And for the frosting on the cake—you just can't beat Chevy trucks at trade-in time, either. Latest official industry reports prove that Chevrolet trucks lead in trade-in value, week after week, over every major competitor in Chevy's price range.\*
